Harley Baldwin has a gift, a strange and wonderful and, at times, terrifying gift. When Harley and her mother move into the notorious Hale House with the intent of restoring it, Harley finds the journal of a horribly abused boy named Edwin Hale. Contained within the pages of the diary are dark secrets and a mystery left unsolved for over half a century. Soon those entries are crawling off the pages and into the present day. With the help of her friends and mother, can Harley put the pieces of the puzzle together before the evils of the past destroy her present?
